**Purpose of Proposed Rules:**

The proposed rule additions are intended to clarify the continuing education requirements for license renewal, the process of auditing license renewals, the potential penalties for not meeting the continuing education requirements and setting fees for returned checks and electronic checks. More generally, the proposed rules are intended to provide greater clarity in existing regulatory and statutory requirements, ensure continued high levels of professionalism among licensees and certificate holders, and to generally satisfy the Board's statutory obligation to promote, preserve and protect public health, safety and welfare.

**Summary of Proposed Rule:**

16.26.5 NMAC – Continuing Education;

This repeal and replace of the rule will clarify the continuing education requirements prior to the license expiration date in order to renew a license issued by the board. It also describes the audit process of license renewals, ensuring that licensees are completing their continuing education requirements as part of their license renewal.

16.26.6 NMAC – Fees;

This change will provide a fee for returned checks and electronic checks.

16.26.7 NMAC – Grounds for Disciplinary Action;

This change will make it clear what is required from a licensee if and when there is a continuing education audit of their license renewal.
